Shaping Minds, Hearts,  
and Leaders: Giving  
Hope, Transforming Lives

### Inside Student Life: Latest Highlights

At Eagles Rising Leadership Academy, we believe that true learning extends far beyond textbooks and lectures. It thrives in hands-on experiences and meaningful relationships built within our community. Our mission is to provide students with real-world opportunities to apply classroom lessons, grow as servant leaders, and make a difference in the lives of others.

Recently, our students embraced two impactful opportunities to put their learning into action.

On Mandela Day, Eagles Rising partnered with Unashamedly Ethical to serve at Hope and Light Children's Home in Sir Loury's Pass village. This collaboration offered our students a chance to connect with the children, energize the day with games, and share compassion in tangible ways. The spirit of servant leadership shone brightly as our students poured their enthusiasm and kindness into every interaction—a rewarding experience for all involved.

In addition to this, every Tuesday brings another meaningful outreach as our students engage with the children of Danie Ackerman Primary School.

These projects are student-led from start to finish, allowing them to develop essential skills in project management, teamwork, and communication. Through interactive games and activities, our students not only impart Biblical values, but also strengthen and refine the practical skills they've learned in the classroom while sharing the love and hope that drives our mission.

We are proud to see our students stepping out, serving others, and growing into leaders of character and purpose.
